Life is a highway...

For the past 15 years we have been sitting shotgun, watching others drive us down the road. Our every step was planned ahead by parents, teachers or other mentors. Occasionally, when we were learning our most valuable lessons, we were allowed control of the wheel for just a moment. We should consider our diplomas licenses to travel the endless highway to its very end, for truly, life never slows down, but if we go too fast we risk being pulled over. Mind the exits you take, don't forget to keep the radio tuned and bring good company along with you on the road trip of your life.

This book takes us from the on ramp to the fast lane. It is true, as Dr. Burke tells the newly enrolled freshman, we all start off as "minnows in a sea of sharks." Despite some road blocks over the years, we have been prepared by the best for the pot holes of life and we are confident to take hold of the wheel.

Dr. Suess puts it best:

"You have brains in your head.

You have feet in your shoes.

You can steer yourself

Any direction you choose.

You're on your own. And you know what you know.

And YOU are the guy who'll decide where to go."

-Oh! The Places You'll Go

Congratel
Co-Editors in Chief
Meghan Bennett & Meghan Forrest

Dear Mr. Coughlin and Ms. Moughty,

Wow! We can't believe we're done. We've made it this far thanks to you! Although you have only been our advisors for the past two years, they have been our most successful, enjoyable, and interesting (to say the least). Your hard work and dedication have brought us to where we are today. You have helped us grow from high school sophomores to graduating seniors and will always remain a part of us as we become contributing members of society.

You two are definitely "The Dream Team". Both of you have stuck by our sides even though, on certain occasions, you would have rather not. Our appreciation and thanks does not even amount to what you truly mean to us and what you have done for this class. Whether it was a Wednesday morning student government meeting consisting of Dunkin Donuts and bragging about winning Spirit Week or having a more serious meeting after a class event, you never failed to encourage and motivate us to overcome situations in positive ways. We hope future students realize how lucky they are to have you as teachers and benefit from your insight. Thank you for all your support and encouragement. You are our champions!

"I am tempted to keep the car in drive - and leave it all behind..."

-John Mayer

A black and white photograph of a multi-level highway interchange. In the foreground, the rear of a dark-colored SUV is visible, with a California license plate that reads "628-011". The car is on a lower level of the interchange. Above it, several other levels of the highway are visible, with cars traveling in different directions. In the background, the San Francisco skyline is prominent, featuring the Transamerica Pyramid and other tall buildings. An American flag is visible on a pole to the right. The overall scene is a busy urban highway environment.

High School was memorable, informative, having to wake up REALLY early (6:10 every morning), sometimes boning, chaotic, comical, & even at times exciting. Thanks to anyone & everyone who at 1 point or another made me laugh. Thanks to Mr C for being the greatest teacher of all time That's all.

Freshmen Semi

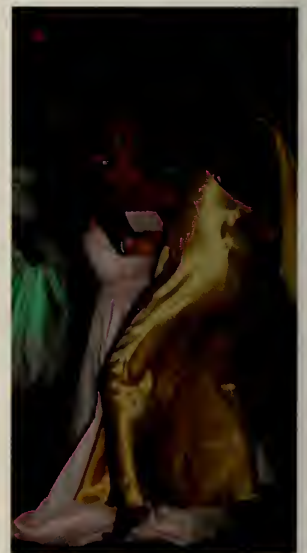

Sophomore Luau

The Freshmen Semi and Sophomore Luau were great successes for the Class of 2006. We danced and laughed and danced some more. These were the days when we thought we were hot shots, when we thought that we owned the school. Now that we are the hot shots, and big dogs, and we do own the school, looking back is so much more fun.

Junior Prom

May 13, 2005

After weeks of stress making hair appointments, picking out a dress, renting a tux and buying flowers, May 13, 2005 arrived with ease. The Class of 2006 danced the night away and enjoyed their first prom together. The music was loud and spirits were high as the students of '06 had the time of their lives.

Powder Puff

On the left, the seniors danced the night away at their final Homecoming Dance. Merrill Krane and Michelle Foley won the honor of Homecoming King and Queen. The 2005 Powder Puff game brought another win for the ladies of '06. The returning champs dominated the game with a sweet 42-28 victory.

Color Day

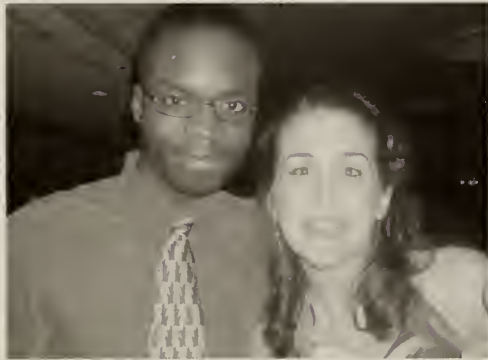

Decade Day

Once again, the Class of '06 dominated the Spirit Week competition. To the left the class is sporting the senior class color, green. Here the class is wearing styles from their decade, the 80s.

Winter Ball

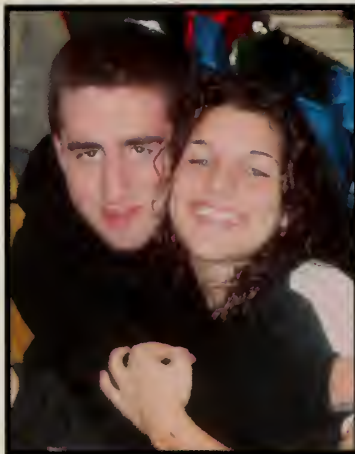

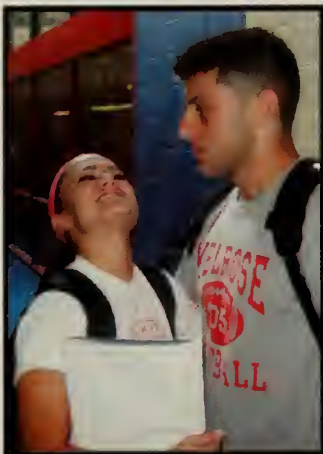

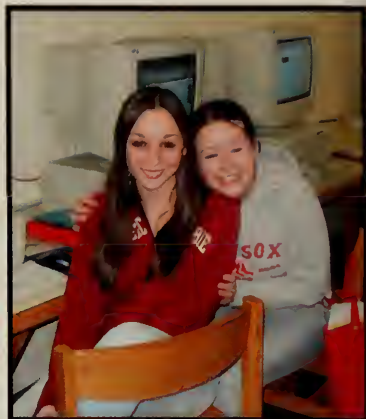

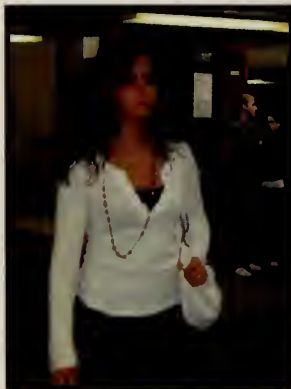

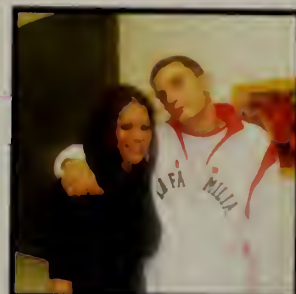

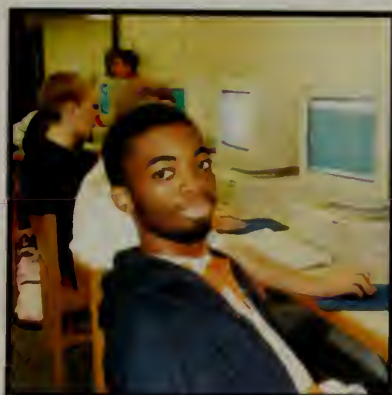

January 28, 2006

It was cold outside, but the dance floor was hot as the seniors of the Class of 2006 danced the night away at the Winter Ball.
